Night at the Magic House

Please join us for an exciting night of play and discovery at the Magic House in Kirkwood on, Thursday, February 15 from 6 to 8 pm. Through generous donations, our school can rent the early-childhood side of the Magic House exclusively for our children. It makes a usual crowded outing to the Magic House so much more enjoyable for all! The night is an opportunity to see your child interacting with their friends and for parents to meet one another. The whole family is invited.

2018-2019 School Enrollment

The nursery school is making plans for the 2018 - 2019 school year. The school calendar is close to completion and our electronic enrollment form for the next school is going out via email this week. We will mail enrollment letters to new families in March. We’ve had wonderful families visit our school during the past year, and many will be a part of WUNS next fall. Also, Summer Camp dates are being finalized and registration will begin in mid-February. Camp hours are 9 am to 12:30 pm (children bring their lunch). Bear Tracks (extended hours) is available M-Th until 2:30 pm (no Fridays). Swim lessons are also available for an additional fee. Camp is open to the community; so, if you have a friend that wants to come and play this summer, please spread the word!

Magic House
Thurs., Feb 15
6:00 – 8:00 PM
Your family is invited to play at Magic House with WUNS

No School
Friday, Feb. 16
No school.
Professional Development Day for teachers.

No School
Monday, Feb. 19
No school in observance of President’s Day.
Welcome Mr. Robert

We are thrilled to announce that Mr. Robert Bernstein has joined the Nursery School staff. Robert is excited to make music with our children. If you are familiar with early childhood music in St. Louis, you may already know Robert, as he started the Music Together program in St. Louis and is a familiar face to some of our children. Robert has visited each class over the past week.

Robert has been a drummer and performer for over twenty-five years and a lover of music for even longer. His experiences with Music Together began in 2003 as a parent taking his three-month-old son to classes in Los Angeles. After two sessions, he moved with his family to his wife’s hometown of St. Louis to find that Music Together had not been started there. He had been so impressed with the classes that he enrolled in the training program and began teaching the first Music Together classes in St. Louis in January of 2004! Robert led WUNS’ music program from 2006 to 2010 and is excited to be back making music again. Robert enjoys following the Cardinals and Blues (as well as all sports) and attending sporting events and concerts with his wife and two children. He always enjoys a good meal and there is a good chance you might run into him at a local frozen dairy establishment.

Health policy reminder

The nursery school makes a great effort to provide a healthy environment for your children. We work diligently on forming healthy habits such as washing hands before eating or handling food and after toileting. The rooms are thoroughly cleaned daily and checked for safety. However, despite everyone's best efforts, children and adults will get sick. It is an expected part of life. If children become ill at school, they will be cared for in the office until a parent can pick them up. Parents are requested to keep their child home in the event of specific diseases or symptoms, fever, vomiting and diarrhea. The child will be allowed to return to school when he or she has been free of these symptoms and has not required medication for a minimum of 24 hours. We appreciate everyone’s respect for keeping sick kids at home.

Save the date – March 2

WUNS Trivia Night has been scheduled for Friday, March 2. This parent event is always a great time to socialize, test your trivia knowledge and raise money for the Nursery School. Mark your calendars and start thinking about getting a table of 8 people together. More details and an electronic invitation will be out soon.
